FREE SOIL TESTS
Gene Childs of the Coffee County Farmers Co-op here in Enterprise is paying the bill for soil tests being sent through his business firm. Harold Horne of Custom Farm Services in New Brockton has also been doing this for a number of years.

This is an excellent example of agri-business firms in the county working with the farmers for mutual benefit. Now, this word of advice to all farmers in Coffee County-right now is a fine time to get the soil samples taken and sent to the laboratory. If time is service to the laboratory is a fine time to get the soil samples taken and sent to the laboratory. If the service is the service to the laboratory is a fine time to get the soil samples taken and sent to the laboratory. If the service is one conducted by Dr. A.C.Mixon of Auburn University Experiment Station.

The last several years Extension Farm Agent J.R.Speed and I have seen a lot of changes in the cattle business in Coffee County. Some folks are expanding. Almost all of our producers are improving their pastures, saving more hay, planeture for interest in New Brockton and sent to the laboratory. If the laboratory is the soil samples taken and sent to the laboratory. If the laboratory is the soil samples taken and sent to the laboratory is the soil samples taken and sent to the laboratory is the soil samples taken and sent to the laboratory is the soil samples taken and sent to the laboratory is the soil samples taken and sent to the laboratory is the soil samples taken and sent to the laboratory is the soil samples taken and sent to the laboratory is the soil samples taken and sent to the laboratory is the soil samples taken and sent to the laboratory is the soil

Constable Voted On In Beats Show

Our Legislature now meets every other year. Amendment No. 1 calls for annual sessions.

# HERE'S WHY ANNUAL SESSIONS OF THE ALABAMA LEGISLATURE WILL COST YOU MORE.

Unproductive sessions. It cost you and the other taxpayers of Alabama \$3½ million to pay for the last year of legislative sessions. Three and a half million dollars for bickering, confusion, inaction and clowning. Simply doubling the time the legislators spend in Montgomery isn't going

No limit on salary or expenses. Salary and expense allowances are not spelled out in the Amendment. You are asked to approve an open ticket for salary and expense allowances for legislators. And, if the Amendment is approved, there will be no public controls. You will not be permitted to vote on pay raises or expenses. The natural question is, why didn't the sponsors of the Amendment clearly state the money involved before asking your approval of the Amendment?

More expenses...higher taxes.

More legislative sessions would mean more expenses. Salary and expense allowances. expenses. Salary and expense allowances not fair for the legislature to ask you to pay more , additional full-time administrative assistance

It's fair to assume that more expenses would mean more taxes. Nearly every session of the legislature already means extra taxes for all of us. Doubling the number of sessions could double the bill for Alabama taxpayers.

Demand legislative reform first. You have a right to demand that the Alabama Legislature get their house in order before they ask you for more money. Surveys have indicated that nine out of ten Alabama citizens want every public official, including members of the legislature, to make public each year all sources of their personal income. They also want a law which says no lawyer in the legislature nor his firm shall be allowed to represent clients that are or deal with State, County, City or regulatory agencies. These are the kinds of reforms needed in state government. And until they are enacted, no amount of extra time the legislators spend in Montgomery can help our legislative tie-ups. Until some real reforms are enacted, it is

taxes for more unproductive sessions.

VOTE NO ON AMENDMENT

BETTER GOVERNMENT, NOT MORE GOVERNMENT, IS THE ANSWER TO OUR LEGISLATIVE PROBLEMS. Taxpayers Against Annual Sessions, James A. Watts, Chm., Liverne, Ali

ZCHS Rebel **News Editorial** 

Who Am 12 One of the biggest problems of teens today is finding out who they are, what they are her for, and how to obtain what they want. "Be yourself" is a fam. iliar quotation today but there is more to it than that. God gave every person unique talents and qualities of his very own and the best way to be yourself is to find these and expand them. What you are going to do with your life should be left up to you. Trying to follow in others' footsteps will get you nowhere. The best way to find out what you want to do with your life is to find out what you,

yourself, would like best and like to be. Your purpose and aim in life should be your own decision. God has a purpose and aim for everyone and if you look hard enough you will find yours. Making your own decisions is a big step toward finding yourself. You should also learn to stand up and say if you truly believe you are right and not be afraid to do so. One important step toward finding yourself and your aim in life is to learn from your own mistakes and others' and to put the world in focus. You will always improve yourself as long as you correct the mistakes you make by not making them he next time around and by ooking at the mistakes others nake and profiting from them. eeing others' mistakes is easer than recognizing your own. ou can put the world in focus y finding out what you like

our aims should be to strive improve things you don't Your aim and purpose in

NOVEMBER 7, 1972 COFFEE COUNTY REPUBLICAN

GENERAL ELECTION

Use the little levers to vote for ALL the LOCAL candidates of your choice

Paid pol. adv. by John W. Sharpless, Treasurer Coffee County Democratic Executive Committee.

Pd. Pol. Adv. by the Committee

# AN OPEN LETTER TO THE CITIZENS OF COFFEE COUNTY:

We Believe That When Given the Facts the People of the County Will Make Their Own Decision and that that Decision Will Be Right. So We are Using This Means to get the Facts Before as Many as Possible.

1. Legal liquor costs the community in dollars and cents. The liquor industry would report otherwise, but according to the American Business Man's Research Foundation, liquor cost the average community \$7.36 for every \$1.00 collected in taxes received from the sale of liquor. It means less sales for other businesses.

2. Legal liquor means more pressure on our young people. Refusal to allow liquor to be sold legally serves notice to all, including those in the market of selling illegal drugs, that this community takes its responsibility to youth seriously.

3. Legal liquor means an increasing highway accident toll. Repeated surveys reveal that 50% or more of fatal accidents, liquor is to blame. (These facts are being used on TV announcements almost everyday) Last year, more people were killec by drunk drivers than have been killed in the past six years in vietnam.

4. Legal liquor leads to more crime. The Narcotics Division of the United Nations says: "Crime rate and accident rate in a given community varies in keeping with alcohol consumption." According to the FBI, alcohol figures in 57% of all arrest. The National Crime Commission Report says that 92% of persons arrested in riot torn areas were drinking.

5. Legal liquor means more drinking people. The Distilled Spirits Institute reports that alcohol consumption in Georgia has increased more than 38 % per person since opened liquor stores were licensed. The liquor industry works and spends millions each year in efforts to open more liquor stores.

6. Legal liquor is a trap for the alcoholic. Dependable studies made by Yale University show a direct relationship between numbers of alcoholics and alcohol sales. Ready availability increases the use of alcohol as a crutch.

### 7. Legal liquor means more family problems and cost to the community.

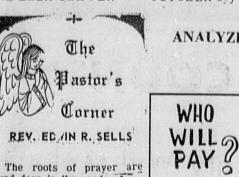

It is impossible to estimate human suffering related to alcohol.

These are Some of the Facts That Cannot Be Refuted. "Alcohol has Many efenders, But No Defence." We Believe That A Majority of our People Will Vote "No" on November 7th. We Invite You to Join Us and Roll Up A Good Majority Against the Legalization of the Sale of Alcoholic Beverages in Coffee County. Sincerely,

# COFFEE COUNTY CITIZENS UNITED FOR LAW AND MORALITY

is all you need to know about

To Whom It May Concern:

Be it resolved by the Administrative Board of the Elba United Methodist Church meeting in a called session on Sunday, October 22nd;

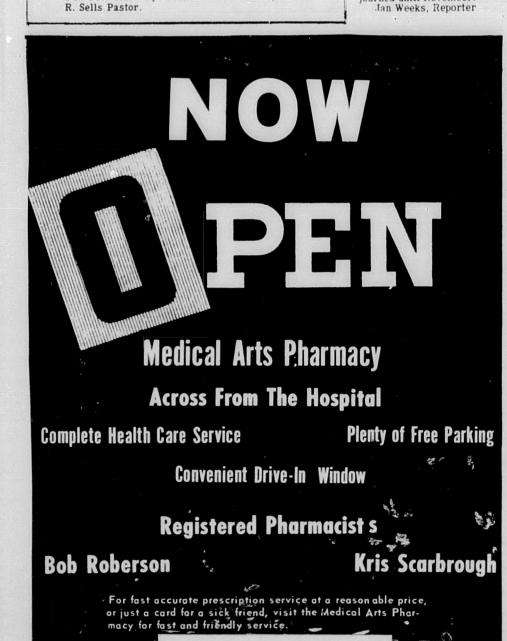

the Administrative Board go on record as being in opposition to voting our county wet on November 7th. 1972; that

the Administrative Board use its influence in all desirable ways to insure the defeat of the wet-dry referendum on November 7th; and that the Administrative Board encourage individuals and groups to exercise Christian wisdom and compassion in dealing with this threat to our spiritual and physical health.

Adopted this 22nd of October, 1972.

Edwin R. Sells, Pastor

Elba United Methodist Church Pd. Pol. Adv. By Administrative Board, Edwin
